CANDIDATES NIGHT AT SWIMMING POOL

As a special attraction at the Tonopah swimming pool the management has designated Thursday night as "Candidates' night" and all Republican and Democratic seekers of office in the county are expected to be present. Special arrangements are being made to provide a most enjoyable evening for all who attend. Although the name of the evening is "Candidates' Night," the public is invited to take part in the fun which will be in order. Friday night has been designated as "Barbers' Evening" and next Monday night will be "Brokers' Evening." The management plans on continuing the idea of giving different names to the evenings, although the public is invited at all times.

CAR CONDUCTORS NOW HAVE CHAIRS

(Correspondence of Associated Press) BUENOS AIRES, July 26.—Street car conductors in Buenos Aires are now able to sit down while not collecting fares. The "city fathers" passed an ordinance some time ago requiring the street car companies to install hinged seats attached to the platform structure of all cars for the exclusive use of the conductor. This equipment has made its appearance and the "guardas," as they are called in Spanish, are enjoying the novelty of sitting down while rush-hour passengers on the platforms stand up.

AMUSEMENTS

GREAT FOX PHOTOPLAY MADE BY CLEMENCEAU

"The Strongest," the powerful William Fox photoplay to be shown at the Butler theatre today is of peculiarly imposing scope—not only in the elemental theme and composition, but in the international character of the execution. Here is a screen masterpiece built on a vital drama from the pen of the "Tiger of France."

The picture is framed in a French setting, and is based on a story born in the mind of Georges Clemenceau, a colossus of international politics. It is produced by the largest of motion picture companies, Fox Film corporation, and under the direction of Raoul A. Walsh, who holds a leading place among directors.

The cast, too, is international in its origin, each member being drawn with a view to exceptional fitness for the picture, regardless of national boundary lines. Thus we have the exquisite favorite of the Parisian footlights, Rene Adoree, and the dignified tragedian, Carlo Litten, of Belgium, supported by famous stars of the United States and France.

The result is a play that sounds the very essential notes of life—that boundless, fundamental life that is so common to all nations and all races—love and struggle for power.

HORTHY FEARS FURTHER WARS

Hungarian Leader Thinks New Conflict Will Repair Injustices of Treaty

(Correspondence of Associated Press) BUDAPEST, July 25.—Admiral Nicholas Horthy, regent of Hungary, told the Associated Press correspondent today that in his opinion "Europe is on the verge of other wars which will not be severe but will repair the injustices and incongruities of the peace treaty. I am sure that old Hungary will come back again," he continued. "It was formed by natural necessities, so it cannot be held apart by paper treaties."

Allied military observers here feel that war is in the air and that Hungary is likely to begin it by invading Slovakia on a pretext of saving that country from bolshevism, but with the intention of crushing the Czechs, which the Hungarians feel would be an easy task, and then attacking Rumania with the aid of the Bulgarians, who want to recover Dobruja, and of the Serbs, who want the Banat.

CHARLES WITTENBERG, after an absence in San Francisco for the past two weeks, returned to Tonopah yesterday.

Now the whole family can go out on a Summer evening

THE women should certainly be thankful for the automobile. It has given them a chance to see a lot more of their husbands

they're beginning to insist on knowing what they are getting.

And the more they insist, the better it will be for us.

But it has done a great deal more than that.

It has brought people closer together, given them new interests, swept away old prejudices.

What affects one man now generally affects a good many of his neighbors in the same way. And they have a better chance to get together and talk things over.

It's had its effect on the tire business.

When automobiles were new people were willing to buy any kind of a tire. Now

We want our customers to know what they are getting.

That's why we represent U. S. Tires—so there will be no doubt about it.

Whatever the size of your car, you know that the U. S. Tire you put on it is the best kind of tire its makers know how to make.

U. S. Tires are guaranteed for life, without any limitation of mileage.

That ought to mean something to the man who has thought about tires.
